**Wallner Builders Vies for National CotY Award,  
Named NARI 2010 Regional “Contractor of the Year” Winner Three Years in a Row**

***Brookfield home remodel is selected best overall in nine-state region  
- Residential Exterior under \$100,000 Category -***

**BUTLER, WI – March 26, 2010 – [Wallner Builders](http://www.wallner-builders.com)**, a leading design/build remodeling firm, was named 2010 Regional CotY™ (Contractor of the Year) Award Winner by The National Association of the Remodeling Industry (NARI) in January. Wallner Builders won the “Residential Exterior under \$100,000” category. They are now one of seven regional winners who are eligible for the National CotY Awards at the “2010 Evening of Excellence” in Phoenix on April 10.

An impartial panel of expert judges selected winners based on each entrant’s “before and after” photography and project description. Judging was based on problem solving, functionality, aesthetics, craftsmanship, innovation, degree of difficulty, and entry presentation.

Wallner Builders attributes their “perfect solution” collaborative design method to help their clients achieve the vision they want. “By creating a virtual 3-D experience for our client’s main entry and side deck, we eliminated surprises and guaranteed they’d get exactly what they wanted,” touts Ron Klassen, president. “We hand-pick the finest craftsmen and use only high-performance materials,” he adds.

To be considered for a CotY Award, a company must be a NARI member in good standing. NARI members represent an elite group from the approximately 800,000 companies and individuals in the U.S. identifying themselves as Remodelers.

Since 1975, Wallner Builders has been a leading design/build remodeling firm. Wallner Builders achieves their clients’ vision through collaborative design and a virtual 3-D experience, using only the finest craftsmen and materials. Wallner Builders is a member of the Milwaukee Chapter of The National Association of the Remodeling Industry (NARI), the only trade association dedicated solely to the remodeling industry.
